

## EQUS Advanced User Workshop (AUW)

June 6-8, 2017 | Boston, MA

Join EarthSoft's Development team for an in-depth, interactive workshop with content determined primarily by topics of interest expressed by participants. Attendees are encouraged to submit specific questions or issues pertaining to the advanced use and/or customization of EQUS.

EQUS Advanced User Workshops (AUWs) are great opportunities for EQUS administrators, developers, and power users seeking the expertise to customize EQUS for new projects. Hands-on activities targeted toward each attendee's questions and interests will result in a better knowledge and understanding of EQUS. Following successful completion of this AUW, attendees will be better prepared to support the specific needs of their EQUS projects and users. **This class is appropriate for people with more than 6 months equivalent full time experience with EQUS.**

### Location

This course will be in **Boston, MA**. The precise address for this course will be provided at the time of registration.

**Register [Here](#)**

### Requirements

Attendees will be expected to bring their own laptop (see the MSDN forum link for system requirements) with a working version of EQUS Professional 6 installed on their laptop.

A development tool such as Visual Studio as well as Syncfusion or Infragistics is also strongly suggested and will be utilized during this course. A list of qualified versions will be distributed prior to the class.

There are **only 12 seats** available for this AUW.

Depending on participant requests, the course may cover such topics as:

### EQUS Schema

- ST\_TABLES
- Add New Fields and Tables
- Create Views and Functions
- Optimization and Customization
- EQUS on Microsoft Azure

### EQUS Reporting

- Aggregate and Crosstab Reports
- Create RDL Reports
- Use Functions and Procedures

### Customizing EDD Formats

- Customize Format Files
- Roles of Format Files
- Implement Business Rules
- Resolve 'Clean Data' Problems

### EQUS Enterprise

- Access Multiple Databases
- Establish Application Level Security
- Configure and Use Enterprise EDP
- Set-up EQUS Information Agents (EIA)
- Create Custom Widgets

### Accompanying Event

# EQUIS Advanced User Workshop | Registration Instructions

---

## Cost and Registration

The early registration fee of \$2,400 (\$2,500 for registration after **May 29, 2017**) includes instruction, and hands-on use of EQUS, and class notes. Registration is required for each attendee. Register [online](#) or request a paper registration form at [training@earthsoft.com](mailto:training@earthsoft.com).

Registrations are processed on a first-come, first-serve basis. Incomplete registration forms will not be processed and may delay class reservations. You will receive an acknowledgment email notifying you of registration status and an emailed invoice will follow. Classes are normally confirmed or cancelled based on enrollment approximately ten business days before the scheduled start date.

---

## Payment

Payment is required in advance and may be made by check (payable to EarthSoft, Inc.), purchase order (cash is not accepted), or by credit card. To expedite registration, follow these directions:

- Check payments or purchase orders: Complete the registration form [here](#). After receipt of the emailed invoice, please mail payment/purchase order to 9455 Pensacola Blvd., Suite B, Pensacola, FL 32534. Then email a copy of your check/purchase order to [accounting@earthsoft.com](mailto:accounting@earthsoft.com).

Note: If paying by purchase order, registrant must be invoiced and payment received *prior* to the scheduled workshop date.

- Credit card payments: Complete the registration form [here](#). After receipt of the emailed invoice, please call EarthSoft Accounting at 850-471-6262 to provide your credit card information.

---

## Class Schedule Changes and Cancellations

It is sometimes necessary to change the dates of or cancel a workshop. Registrants are contacted at the earliest opportunity in the event of a scheduling change or cancellation.

---

## Travel

Transportation to the workshop site is the registrant's responsibility. EarthSoft, Inc. assumes no responsibility for non-refundable travel arrangement losses resulting from workshop scheduling changes or cancellations.

---

## Lodging and Meals

Registrants are provided a class location and a list of area hotels. Registrants are responsible for making their own lodging arrangements. Meals are not provided.

---

## Course Materials

All course materials are provided at the workshop.
