

***“Attila’s engineering background combined with his EQUIS experience, client focused approach and interdisciplinary collaboration skills make him a great addition to our EarthSoft team.”***

*EarthSoft CEO, Mitch Beard*

**EarthSoft, Inc.** is pleased to announce the recent addition of Attila Man to our Systems Engineering team.

Located in Waterloo, Ontario, Attila brings more than a decade of engineering expertise to his role as an EarthSoft Systems Engineer. He also has more than eight years’ experience with EQUIS Enterprise and Professional, and implemented EQUIS for several projects in Ontario, Alberta, Argentina, and the United States.

His engineering background includes specialized experience in water resources modeling, hydrotechnical design, data analysis, visualization, geographic and environmental data management, and report preparation.

Attila holds a master’s degree in Civil and Environmental Engineering from the University of Waterloo, and is a Professional Engineer registered with Professional Engineers Ontario (PEO).

### **EQUIS Highlights**

- ▶ Managed multi-million record data migration to EQUIS
- ▶ Implemented EQUIS for liquid mining data for Argentinian mining company
- ▶ Implemented EQUIS Professional and Enterprise as corporate pilot project for a Canada-wide analytical laboratory

**EarthSoft, Inc. & EarthSoft Canada, Inc.**
