

Langan Engineering & Environmental Services, Inc. Joins Business Partner Program

Concord, MA (February 2016) — EarthSoft is pleased to announce that Langan Engineering & Environmental Services is a new member of EarthSoft's Business Partner Program.

EarthSoft Business Partners provide implementation and custom services for EQulS software products. EarthSoft Business Partners carry certifications and licenses across EarthSoft's EQulS products and many also hold additional product and solution skills capabilities. EarthSoft and certified Business Partners work collaboratively with multi-national corporations expanding EQulS use across their global site portfolios and help customers increase efficiency, gain a competitive advantage and drive innovation.

EarthSoft CEO Mitch Beard commented "We're extremely pleased that Langan is now an EarthSoft Business Partner. Langan's vision of integrated solutions and technical knowledge makes them a center of technical excellence and identifies them as a leader in their field. We look forward to working together on many future projects."

Langan's Corporate GIS Leader Brett Milburn said, "Partnering with market leaders like Esri and EarthSoft allows Langan to provide world-class integrated solutions to our government and industrial clients. EarthSoft's long history of rapid innovation around the EQulS platforms is impressive and Langan is looking forward to working with EarthSoft to introduce EQulS 6 to many new clients."

About EarthSoft: EarthSoft's EQulS is the world's most widely used environmental data management software. Please write info@earthsoft.com, or visit www.earthsoft.com, for further information.

About Langan: Founded in 1970 and headquartered in Parsippany, New Jersey, Langan (www.langan.com) provides integrated environmental consulting services to the industrial and energy markets as well as the land development and corporate real estate industry. Langan employs over 1,000 professionals and has 20 regional offices in New Jersey, New York, Pennsylvania, Connecticut, Virginia, Ohio, Florida, Texas, and California. The firm consistently ranks among the top design firms by Engineering News-Record and Best Engineering Firms to Work For by CE News. Langan International, the firm's wholly-owned subsidiary based in New York, provides all technical disciplines from offices in Abu Dhabi, Dubai, Athens, Doha, Istanbul, London, and Panama.
