

Oscar has integrated well into the EarthSoft Development Team and worked hard to meet his deadlines. Oscar's positive attitude and quick understanding of the issues led to improved development and coding practices, and a more maintainable final product.

*- Alek Hage, Vice-President,
EarthSoft Canada*

EarthSoft, Inc. is pleased to select Oscar Cruz as the October 2018 EarthSoft Staff Person of the Quarter.

Oscar hails from Lagos de Moreno, Jalisco, México, and is a Software Developer with EarthSoft's Product Group.

Oscar has a degree in Distributed Systems from Instituto Tecnológico Superior de Lagos de Moreno in Jalisco, and is a Xamarin Certified Mobile Developer.

Prior to joining EarthSoft in 2016, Oscar was employed as a Mobile Software Developer for Desarrollo Permiafiglia S.A.,

where he was involved in the successful release of nearly a dozen mobile business applications focusing on maps, geolocation, graphs, logs, records and data connected to SQL using Xamarin.

With more than six years of experience as a Software Developer, Oscar has helped EarthSoft become a leader in mobile-based data collection.

Oscar's contributions were key to the successful development and recent release of the EQUIS Collect mobile application.
