

“Bing is a talented developer and creative problem solver. He’s such a positive force on the team – always happy to help anyone.”

*- Tina Lee, Product Team Coordinator
EarthSoft, Inc.*

EarthSoft, Inc. is pleased to announce Bing Du as the EarthSoft Staff Person for the First Quarter of 2019.

Bing is a Software Developer with EarthSoft’s Pro Team and lives in Lehi, Utah.

Bing holds a Master of Science degree in Agricultural Engineering from China Agricultural University, Beijing, China, and a Master of Science education in Computer Information System from Tarleton State University, Stephenville, Texas.

Prior to joining EarthSoft in 2008, Bing was a Senior Research Associate at the Texas Institute for Applied Environmental Research of Tarleton State University. Bing has general/database programming experience, and has mastered programming skills in Visual Basic .NET, VBA, SQL and Oracle.

“Bing Du can write code faster than you can say EQUIS Crosstab Report Writer.”

- Another Senior EarthSoft Developer
