EQuIS Resources Guide

Learn About

EQuIS Webinars
Online Documentation
EQuIS Training Resources
EarthSoft Video Library
...and More!

EarthSoft provides many free resources to help our clients learn more about EQuIS! Participate in live webinars, take full-length on-demand EQuIS Training courses, ask other EQuIS users questions in the Discussion Forum, watch EQuIS videos, or use the Online Help Documentation and Data Dictionary.

EarthSoft Community Center

The [EarthSoft Community Center (ECC)](#) provides access to many EQuIS product and support resources. The ECC is an EarthSoft Enterprise site (separate from client Enterprise sites) and requires a separate user account. [Create a free account](#) using your professional email address. Once EarthSoft has approved your account, you can navigate to the numerous resource dashboards highlighted below.

Welcome Dashboard

Provides an overview of resources on the ECC as well links to contact information. Featured dashboards are available as tabs across the top of the Welcome dashboard.

Downloads Dashboard

EQuIS applications and modules are available for download from the Products folder. The dashboard also contains libraries of Collect templates, Alive surveys, action level files, and example EDDs as well as other resources.

Note: Limited access to dashboard. Contact your EarthSoft POC.

EarthSoft Community Center

Online Documentation

Access links to EQuIS build-specific online help articles and release notes. Peruse detailed documentation for various EQuIS products, terminology, setup instructions, and administration configuration information. Use the help table of contents, keyword index, and/or search feature to find articles on specific topics.

Data Dictionary

Browse to gain insight on the EQuIS Schema. Review data, system, and reference tables and field descriptions. Examine details, such as field type and length, as well as requirements and parent-table relationships. The Data Dictionary is searchable and browsable.

.

EarthSoft Community Center

EarthSoft Training Resources

Provides on-demand video courses and training exercises for many EQuIS applications. These courses are one to two hours in length, organized by product. Work through each course at your own pace (easily start, stop, pause, rewind or re-visit lectures). Course topics are divided into tabs on the dashboard. If you are new to EQuIS, we recommend starting with the Introduction to EQuIS section.
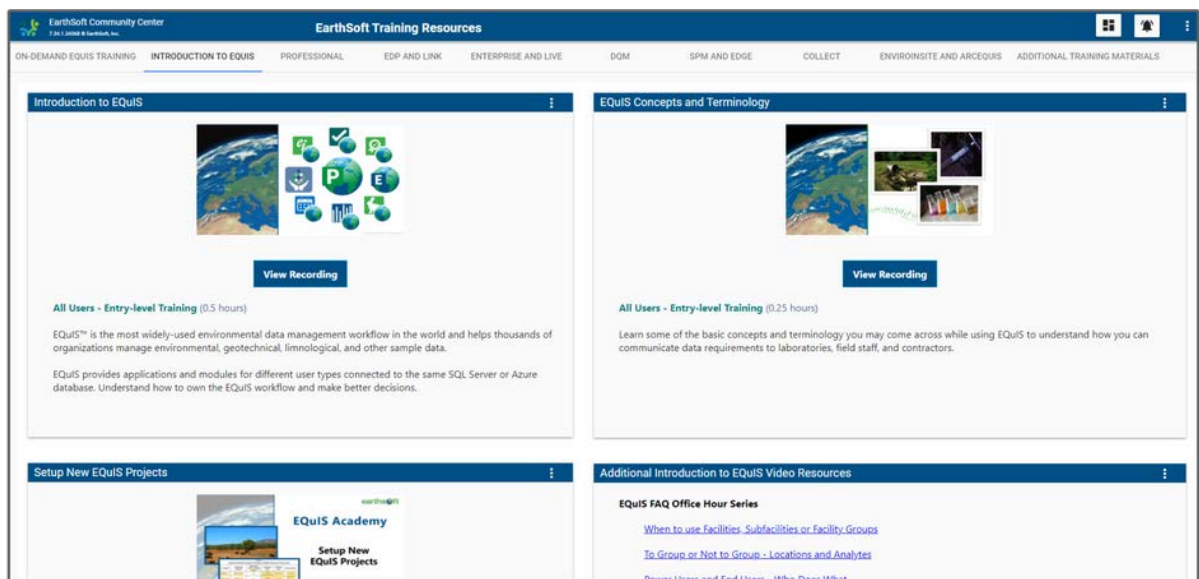

EarthSoft Video Library

Explore a variety of EarthSoft video resources organized into playlists based on topic. Provides access to EarthSoft Office Hours and Ask-an-Expert webinar recordings.

EarthSoft Community Center

Discussion Forum

Ask questions and engage in dialogue on EQuIS applications with other EQuIS users, track EarthSoft announcements and updates, and make EQuIS feature requests. Subscribe to specific topics or forum tags and receive real-time notifications.

Note: The Discussion Forum is not EarthSoft Technical Support.
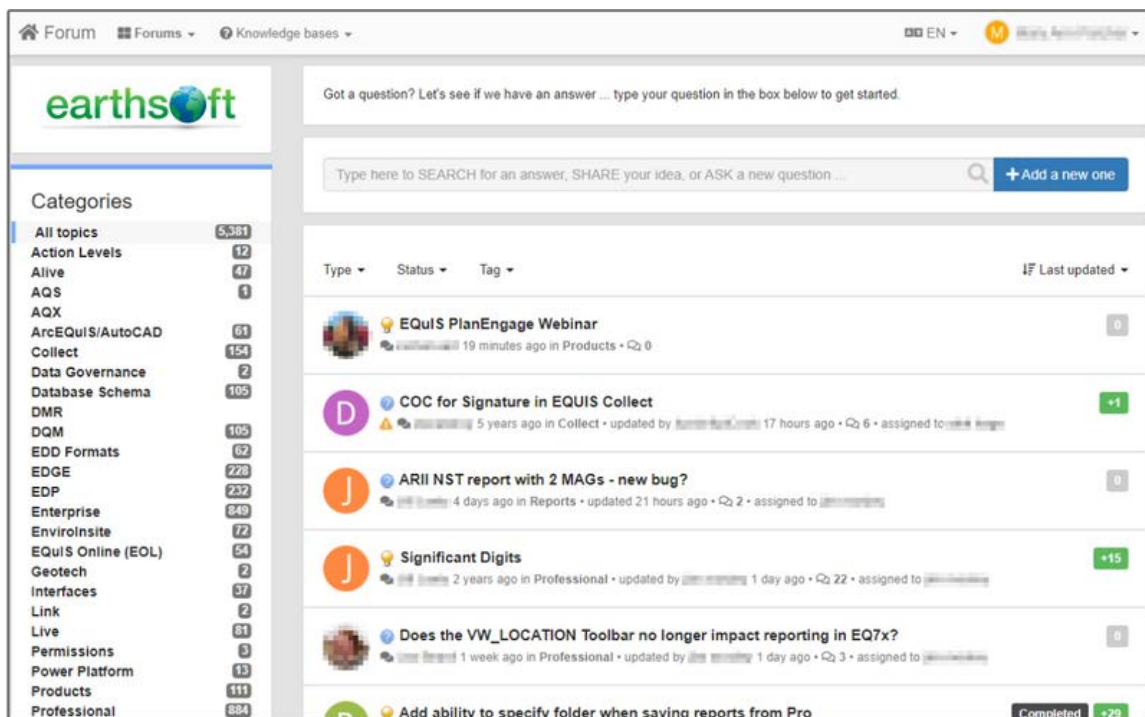

EDD Format Dictionary (Beta)

Use this dashboard to query standard EQuIS formats included with the installation of EQuIS software packages across the EQuIS portfolio. Search across formats for database mappings, data types, field constraints, lookups, and enumerations. EQuIS formats can be viewed by section with additional remarks provided for a particular section or section group.

EarthSoft Community Center

Enterprise Dashboard Gallery

Provides example screenshots meant to inspire how dashboards can be configured in your own Enterprise environment(s) to meet workflow needs and convey information best suited for projects.

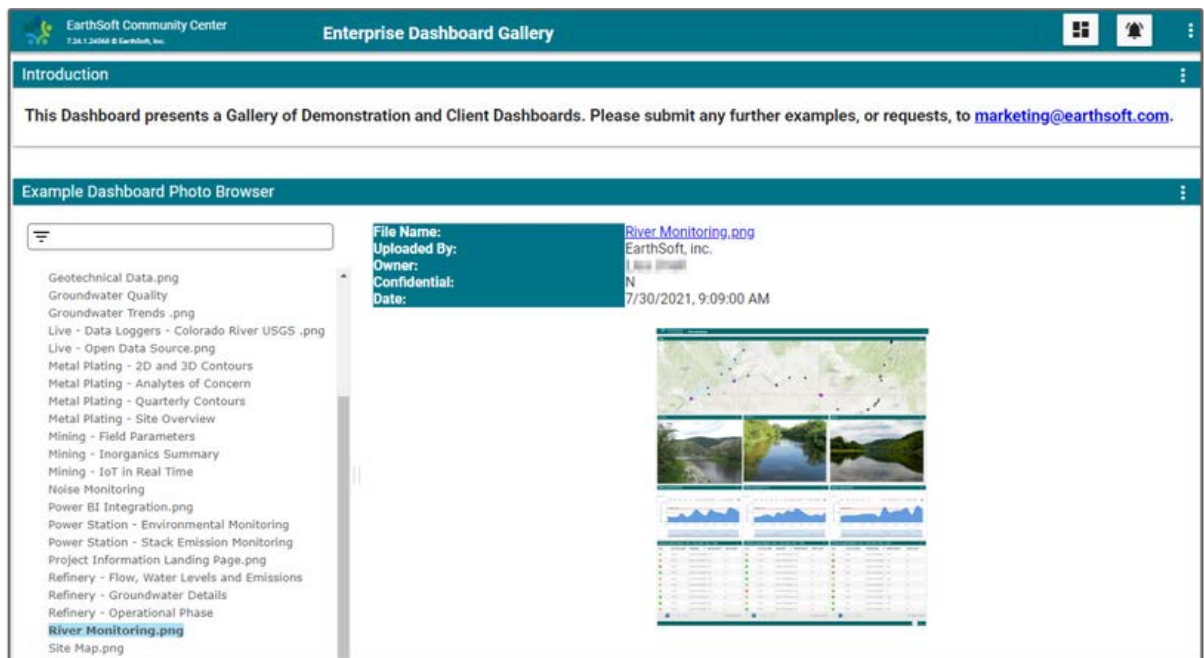

Technical Support

EarthSoft provides support for clients with valid software maintenance. Tickets are created, time-stamped, and processed according to severity level and in the order received. EarthSoft Support aims to respond within 12 business hours.

Live EQuIS Webinars

EarthSoft Office Hours

Targeted demonstrations of our applications and tools, led by EarthSoft's subject matter experts, followed by questions and discussion. Free webinars held bi-weekly, usually on Thursdays.

Typical Length – 30 minutes to 1 hour

Topics are generated by client suggestions—suggest a topic today!
officehours@earthsoft.com

Training Support

EarthSoft offers multiple EQuIS Training programs, both in-person or online to assist clients in gaining the skills, techniques, and knowledge to own the workflow and make decisions using EQuIS. Trainings include EQuIS Academy, Open Trainings, Advanced User Workshops, and tailored Online Trainings.
training@earthsoft.com or https://earthsoft.com/support-training/

EQuIS User Groups

Share ideas, tools, data management success stories, and case studies with other EQuIS users. Participate virtually or join us in-person, depending on your schedule and location.

Visit the Events Calendar on the EarthSoft website to register for upcoming Office Hours, in-person Open Trainings, and User Groups. Subscribe to the EarthSoft Mailing List to receive invitations direct to your inbox.
