

## Enterprise and Schemas

EQulS Enterprise product levels (Basic and Premium) combine Enterprise automation and workflows with specific EQulS Schemas. EQulS Enterprise provides advanced workflow automation for efficient and reliable data loading, data quality checks, reporting, and graphics/visualization through web browsers.

Make data-driven decisions with user-defined dashboards comprised of a library of widgets and query-building tools to view data via charts, graphs, maps, tables, and other visualization options. Visit our [Dashboard Gallery](#).

### Basic

- ✓ Standard EQulS Formats (EQEDD, EFWEDD, ESBasic, EZEDD, EZLithology, Flow, WaterLevel, and more)
- ✓ Advanced Schema and tables, views, reports and formats to support client EDD format
- ✓ EDDs and Formats: USEPA Regions 2, 3, 4, 5, 7, and 9; CA GeoTracker, LA, MN, MT, NY, TX, and other states; SEDD; NEDD; ERPIMS
- ✓ Vapor Intrusion Module
- ✓ EQulS Alive, Collect, DQM, and SPM (licensed separately)

### Premium

- ✓ Schema extensions included in Enterprise Basic
- ✓ Live – High-frequency time series data, data loggers, sensors, and other Internet of Things (IoT) sources
- ✓ EPA Water Quality Exchange (WQX)
- ✓ Air Quality System Module (AQS)
- ✓ EQulS Geotech (licensed separately)

## EQulS REST API

Includes Esri ArcGIS Pro and Microsoft Power BI Connectors, and OData (Open Data Protocol) that allows users to interact directly with EQulS Schema; requires EQulS Enterprise.

### EQulS Geotech

EQulS Geotech extends the EQulS software suite for geotechnical data management workflows. EQulS Geotech licensing includes a separate Schema, format files, numerous standard reports and templates, widgets, and configured dashboards. Additional EQulS software requirements will apply.

### EQulS Helios

Helios offers a comprehensive environmental and geotechnical knowledge management portal combining AI-powered data handling and search capabilities with strong privacy and security features. It centralizes various data repositories to streamline information management and access.

# Professional – Product Libraries

EQulS Professional is bundled with specialized applications according to specific functional libraries. Requires EQulS Enterprise license.

## Standard

**Includes:** All Professional features to enter, edit, query, analyze, and visualize data; EDP; free formats; 100s of standard reports; interfaces for Google Earth, LeapFrog, R-Project, MiniTab, and more

### Data

#### PlusD

- ✓ **Standard**
- ✓ **Formats:**  
USEPA Regions 2, 4, 5, and 9; States of LA, MN, MT, NY; CA GeoTracker; ERPIMS; SEDD; NEDD; AGS; Sanitas; ProUCL; Scribe; HazSite; NetDMR

#### PremierD

- ✓ **Standard**
- ✓ **PlusD**
- ✓ **EQulS Link**
- ✓ **SPM**  
Sample Planning Module
- ✓ **DQM**  
Data Qualification Module

### Graphics

#### PlusG

- ✓ **Standard**
- ✓ **Graphics and Visualization Interfaces:**  
Surfer, LogPlot, RockWorks, EVS, GMS, Groundwater Vistas, gINT, CARStat, AquaChem, GWSDAT, FEFLOW and others

#### PremierG

- ✓ **Standard**
- ✓ **PlusG**
- ✓ **EQulS ArcGIS**
- ✓ **EQulS AutoCAD**

### Combination

#### PlusDG

- ✓ **Standard**
- ✓ **PlusD**
- ✓ **PlusG**

#### PremierDG

- ✓ **Standard**
- ✓ **PremierD**
- ✓ **PremierG**

## Add Ons

### Decision Support Products

These add on products can be acquired separately to enhance any of the EQulS Professional product libraries.

Envirolnsite

Alive

Risk3T

## Data Acquisition Products

These products can be acquired separately to support EQulS data collection and processing workflow.

Collect

EDGE

EDP Standalone

## Technology Partnerships

EQulS PlanEngage is a unifying platform for project data, no matter where it lives. This project and stakeholder engagement platform integrates EQulS data with other project data sources, like financial reporting and more. EQulS PlanEngage offers dynamic interactive visualizations including GIS tools, multimedia integration, 3D models, and before-and-after simulations for improved decision-making and stakeholder alignment.
